ITEM AND ISSUE:

Request for the Approval of the Purchase of Two Automated Side Load Collection Vehicles in the Total Amount of \$743,982 for Residential Recycling and Waste Collection Services; Rush Truck Center via the Cooperative Education Services; Shirlene E. Sitton, ESD Division Director, (sesitton@santafenm.gov).

BACKGROUND AND SUMMARY:

Solid Waste collection vehicles have a useful life of seven to ten years. The Environmental Services Division (ESD) has implemented a regular yearly truck replacement schedule, averaging six vehicles per year. Eight trucks were included in the approved budget for FY20. However, due to the pandemic, ESD did not replace any collection units in FY20. ESD requested and was approved funding to purchase two automated side load vehicles (ASL) for residential collections within FY21. This request is for two of the vehicles from the FY20 list. The collection vehicles which are proposed for replacement are:

New Vehicle	Replacement/Addition	Replacement Unit	Purchase Cost
Peterbilt Model 520 CNG Auto Side Loader	Replacement	Asset #29816-a 2009 Autocar ASL	\$371,991
Peterbilt Model 520 CNG Auto Side Loader	Replacement	Asset #54916-a 2014 Autocar manual split body recycling	\$371,991
Total Amount			\$743,982

The 2009 Autocar diesel model has surpassed its useful life and would need extensive work on the suspension to make this truck operational. The 2014 Autocar is a split-body recycling collection truck that is no longer in service since the switch to cart collections. Both are being replaced with CNG vehicles, which is important in meeting our goal of lowering carbon emissions by completing the transition of our fleet to cleaner burning fuel, and utilizing the new CNG slow-fill station completed one year ago. Additionally, replacing the manual collection recycling truck with an ASL helps ensure we have enough recycling trucks to add residential routes to accommodate the large increase in residential participation brought on by the pandemic.

PROCUREMENT METHOD:

The ESD will be utilizing a contract administered by the Cooperative Education Services (CES) with Rush Truck Center. The CES issued a solicitation that Rush Truck center responded to thru RFP 2020-3 IB, Contract #2020-31B-C120 (All Medium and Heavy Duty Trucks, Truck Bodies, Accessories, Parts and Services).
